ABSTRACT

This collection of tables is a compilation of 1998 school cohort default rates for fiscal years(FY) 1995, 1996, and 1997 for all schools that are currently participating in any Title IV student financial assistance program. Schools are listed by state in descending order by cohort default rate. Foreign schools are listed following the state listings. Data elements include the type of loan program in which the school is currently participating (Federal Family Education Loan Program, Direct Loan Program); the Office of Postsecondary Education identification number; the school name; school address; program length and type; fiscal years for which cohort default rates have been calculated; number of borrowers in default; number of borrowers in repayment; default rate; and program rate.(DB)

COHORT DEFAULT RATES FOR SCHOOLS
FY 1995, FY 1996, AND FY 1997 (PEPSR300)

The attached report on school cohort default rates includes the fiscal year (FY) 1995, FY 1996, and FY 1997 official cohort default rates for all schools that are currently participating in any Title IV Student Financial Assistance Program, including foreign schools which are listed in descending order by cohort default rate in a section following the state of Wyoming.

REPORT FORMAT

Schools are listed by state (arranged in alphabetical order) in descending order by cohort default rate. However, schools with fewer than 30 borrowers entering repayment in FY 1997 that do not have average cohort default rates calculated (i.e., unofficial cohort default rates) are listed at the end of their respective state listing.

The following identifies the various data elements included on the report:

a) The type of loan program the school is currently participating in is indicated in the far-left column with the following code:

F = FFEL Program
D = Direct Loan Program
B = Both FFEL and Direct Loan
C = No Longer in FFELP and/or FDSLP

b) Office of Postsecondary Education Indentification Number (OPE ID) – This is the number assigned by the Department to identify a school, including all of a school's additional locations. A school's cohort default rate reflects borrowers attending the school's main campus and any additional locations. The Department does not calculate separate cohort default rates for each additional location.

c) School Name

d) School Address

e) Program Length and Type

f) Year – The fiscal years for which cohort default rates have been calculated.

g) Borrowers in Default – The number of borrowers who entered repayment in the applicable fiscal year (October 1 through September 30) and defaulted or met other specified conditions during the fiscal year the borrower entered repayment or the next fiscal year.

(h) Borrowers in Repayment – The number of borrowers who entered repayment during the applicable fiscal year.

(i) Default Rate – The percentage of borrowers that defaulted or met other specified conditions in the fiscal year they entered repayment or the next fiscal year.

(j) Program Rate – The type of rate calculated for a particular year as indicated in the far right column by the following codes:

FL = FFEL
DL = Direct Loan
DU = Dual (FFEL and Direct Loan)
